

Q 1. What is the best way that the opposition team bowlers can get Kohli out?

Q 2. Against which opposition team Kohli has played the most in his career?

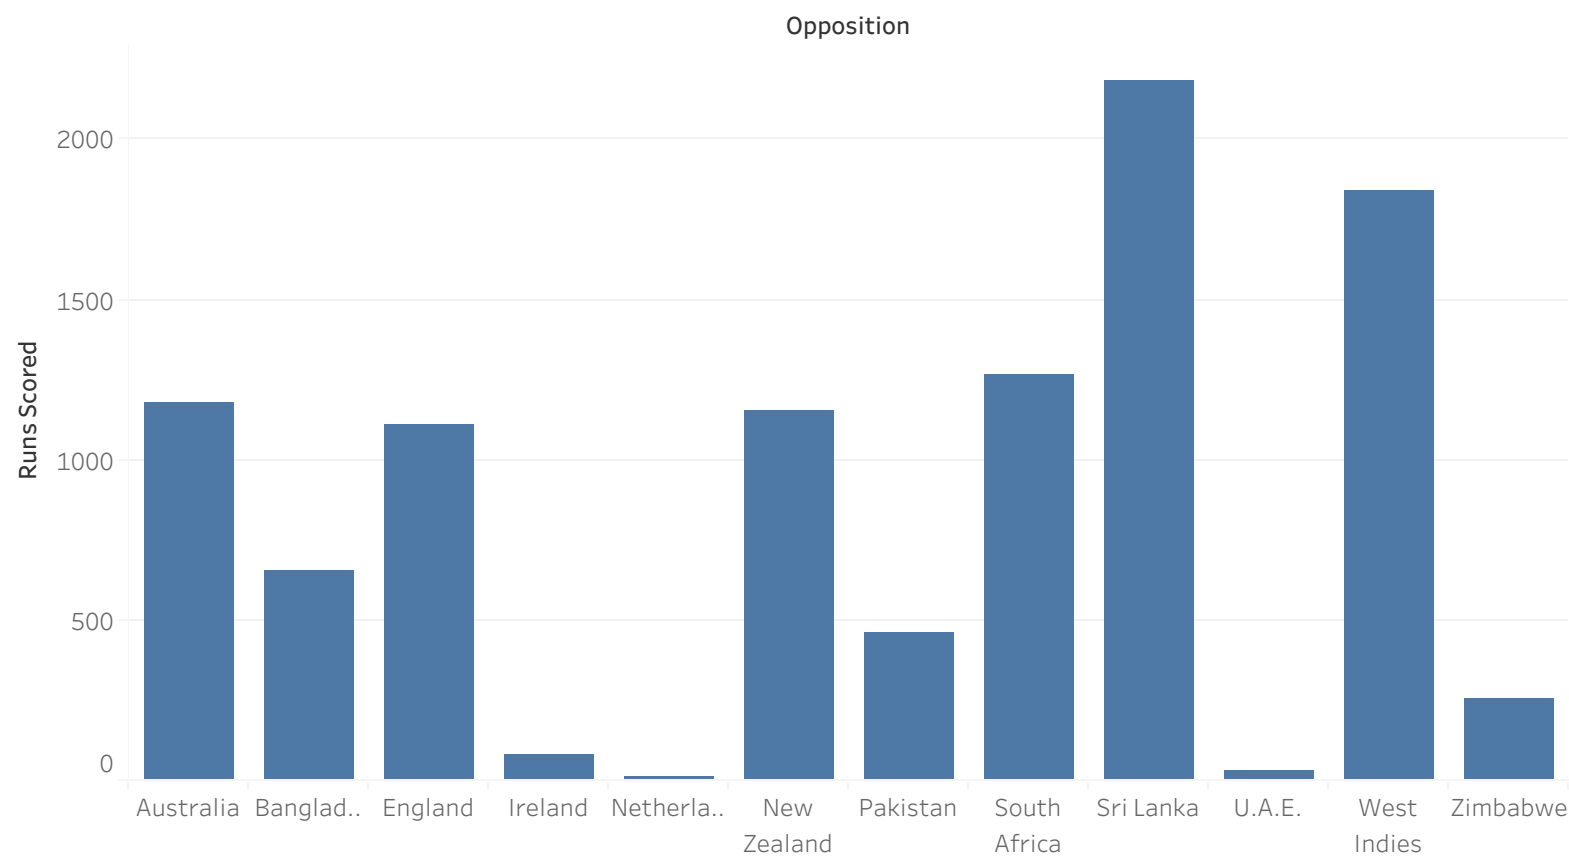

3.1 Find out some dismissal patterns in Kohli's career againsts the oppositions

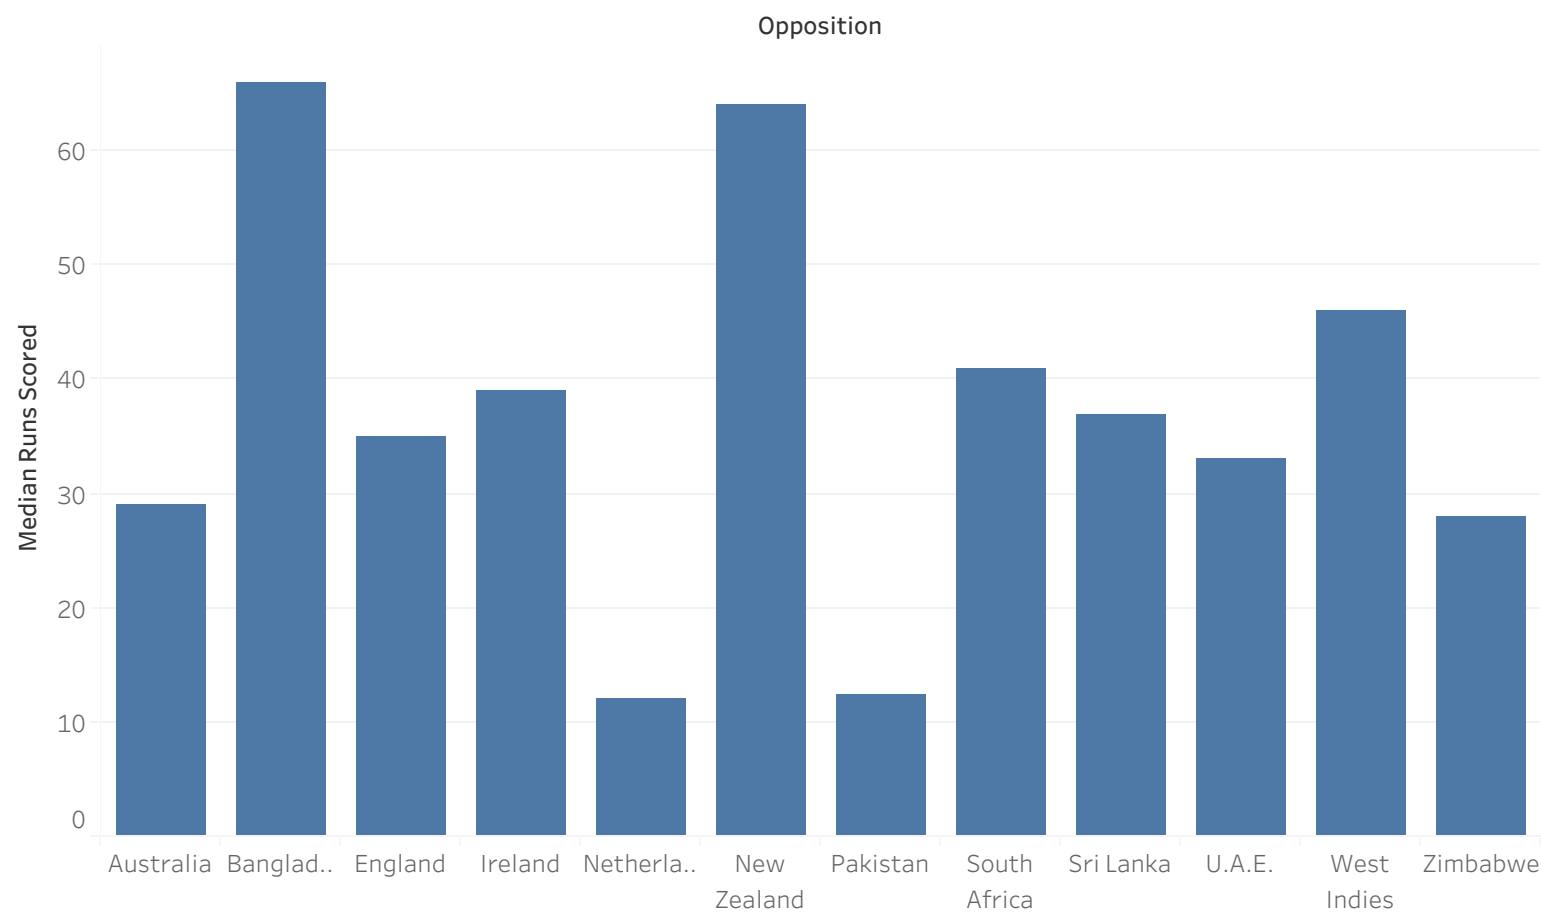

3.2 Table of dismissal patterns in Kohli’s career againsts the oppositions

Opposition	Dismissal						
	Bowled	Caught	Hit wicket	LBW	NO	Run out	Stumped
Australia	2	18		1	3	2	
Bangladesh	3	3		1	3		1
England	4	17	1	2	4		1
Ireland					1	1	
Netherlands	1						
New Zealand		16			3		
Pakistan	2	8			2		
South Africa		16			5	3	
Sri Lanka	4	24		6	8	3	
U.A.E.					1		
West Indies	4	16		2	6	2	2
Zimbabwe	1	3			1	1	

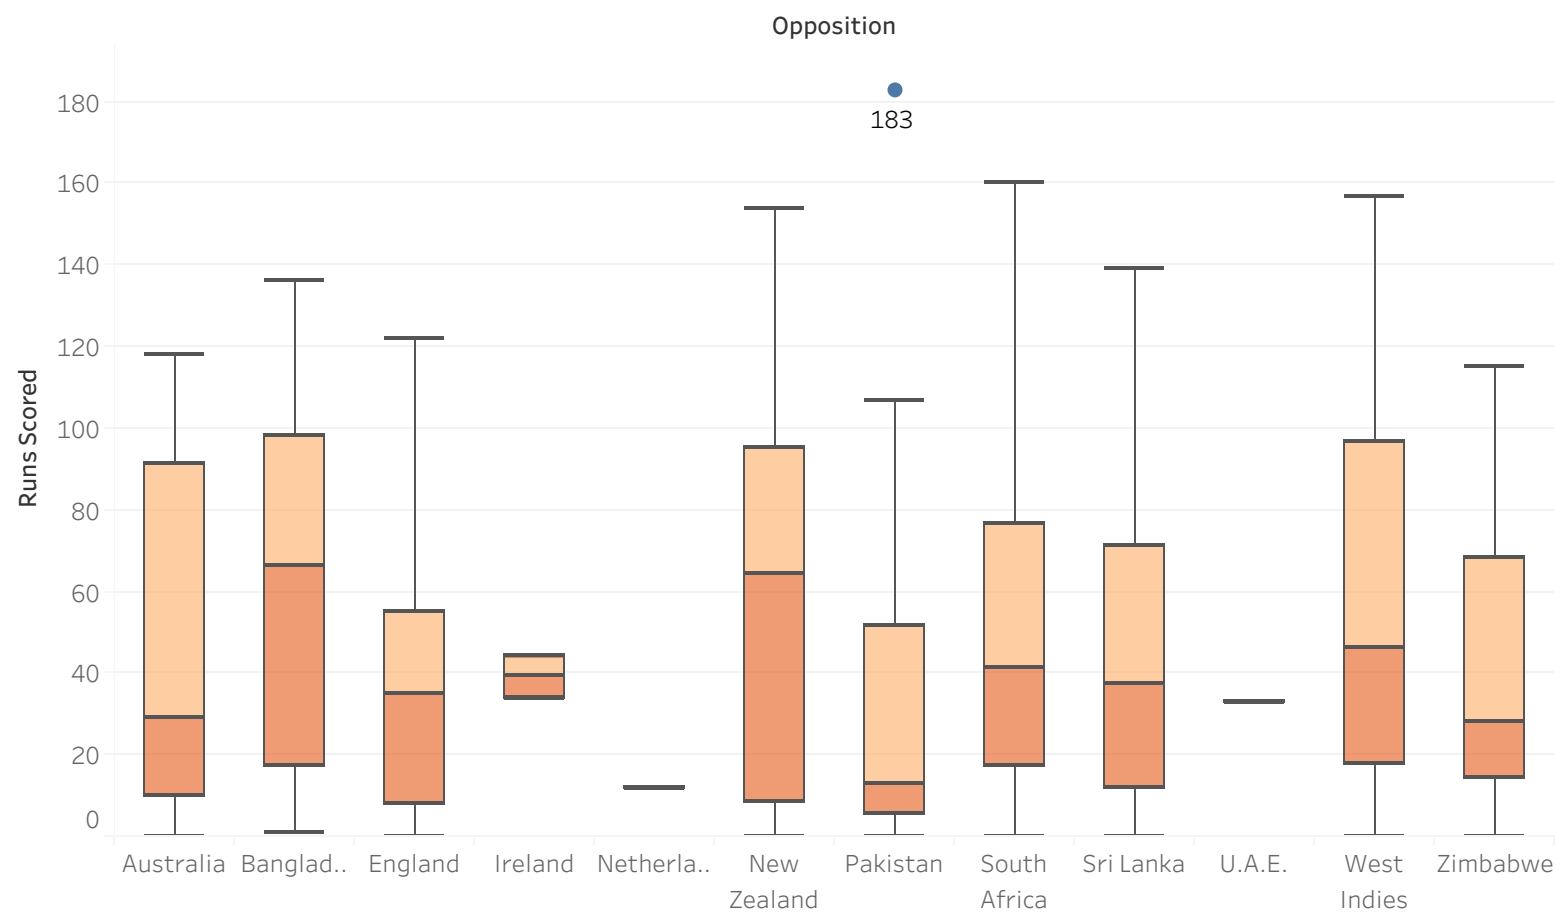

4.1 Which opposition has Kohli scored most runs against? Find the median score against different oppositions and use a boxplot to represent it?

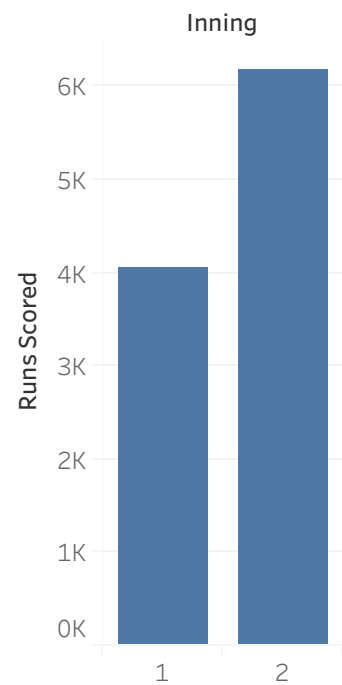

4.2 median score against different oppositions

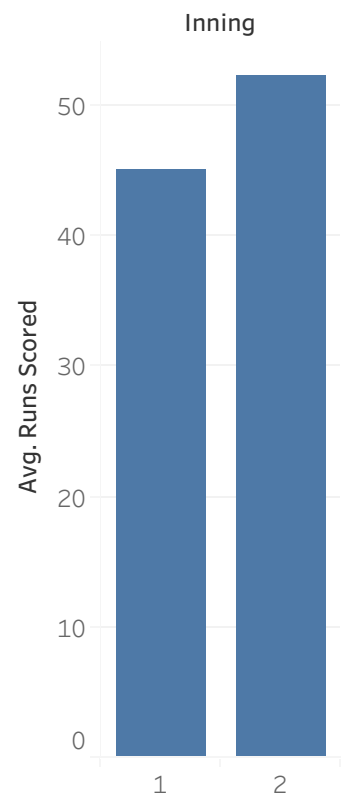

4.3 Boxplot to represent it

5.1 Compare the runs scored by Kohli in 1st innings vs the 2nd innings.

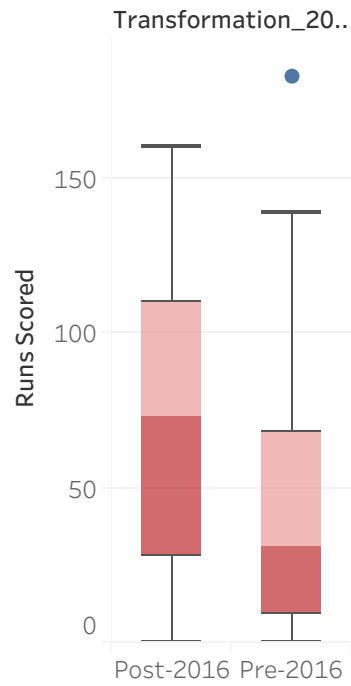

5.2 Avg Runs
Comparision
inning wise

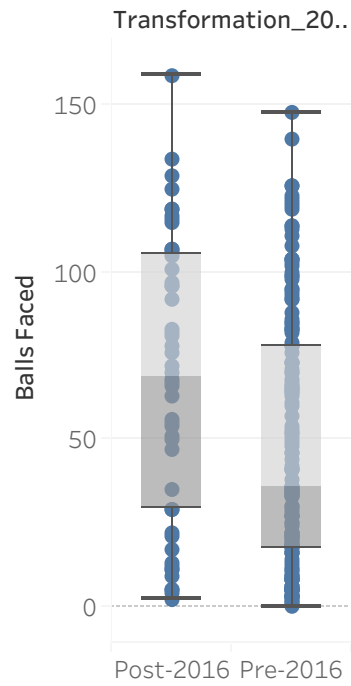

5.3 Inning wise
distribution of
Runs

6. Use a Boxplot to compare the runs Scored before and after transformation

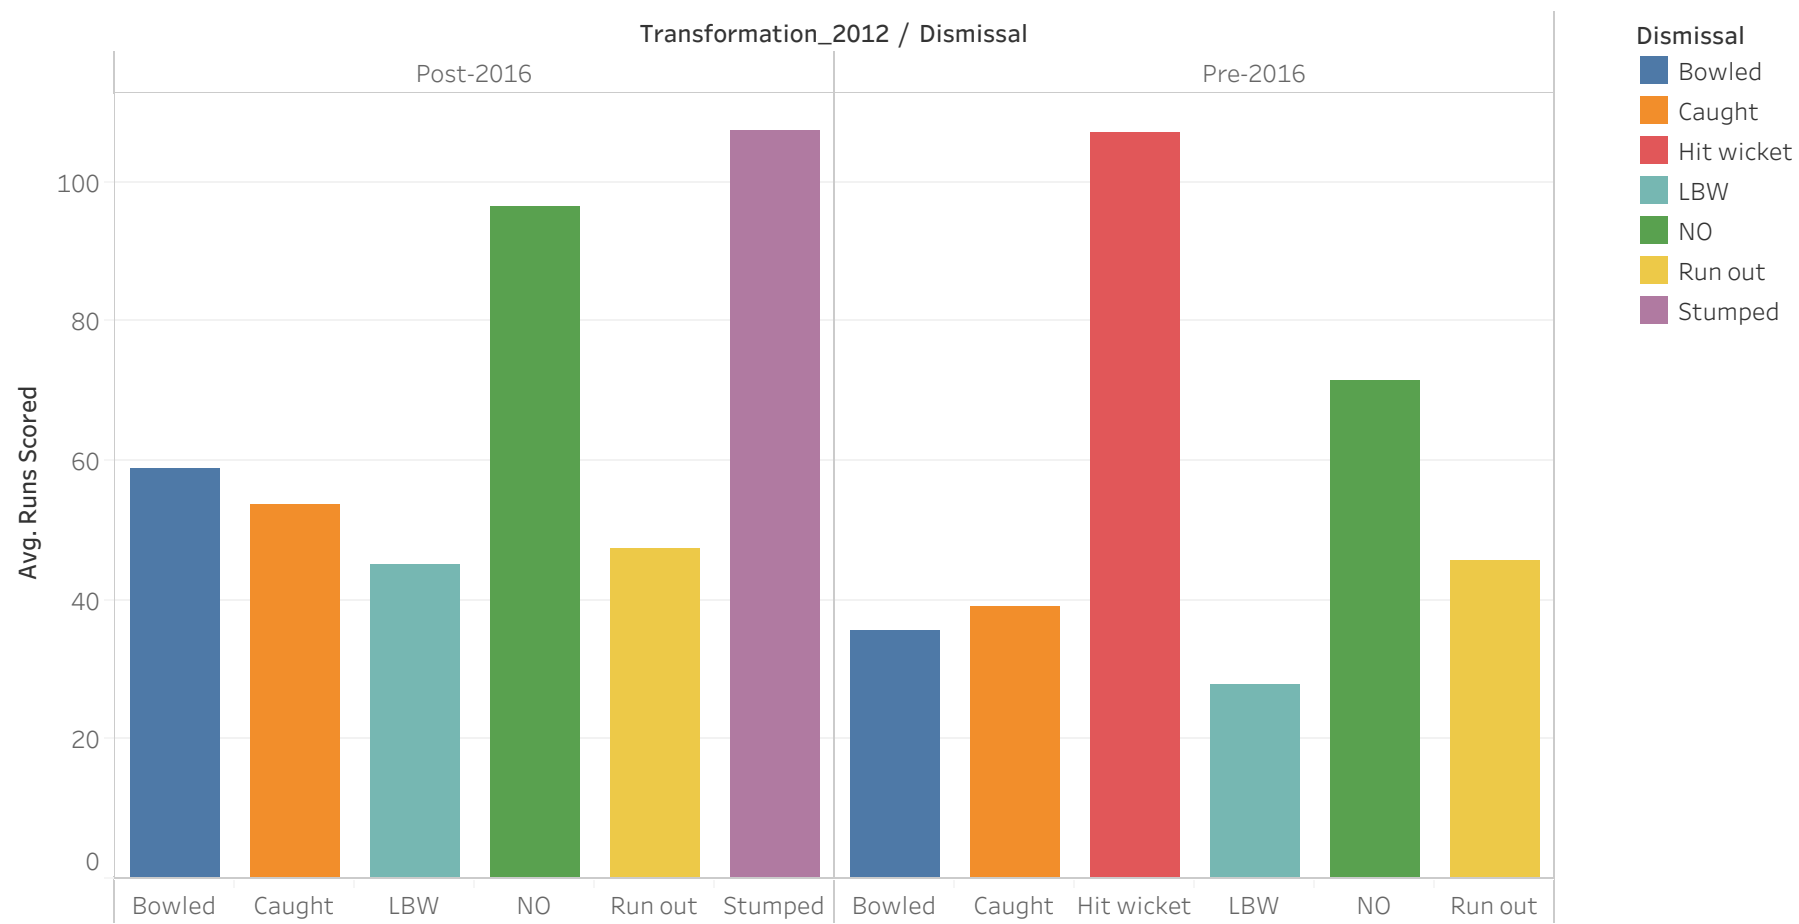

7. Use a Boxplot to compare the Balls Faced before and after transformation

8. Use a Boxplot to compare the runs Scored before and after transformation with Hue as innings(innings wise)

9. Use a bar plot to compare the dismissal patterns before and after transformation.

9. Use a bar plot to compare the dismissal patterns before and after transformation.

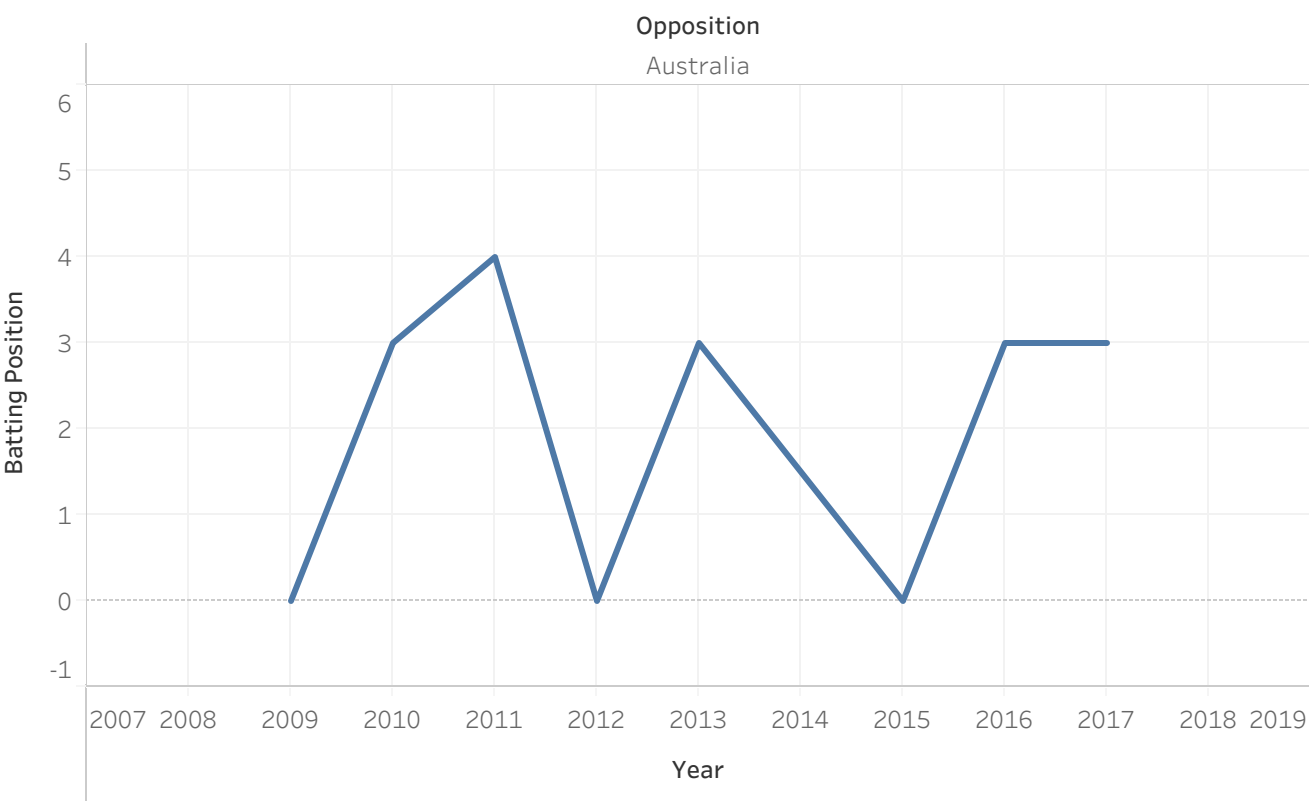

10. Use Pointplot to Visualize Yearly trend in run scored by Virat Kohli

11. Can we say there is a linear relationship between Runs Scored & Balls Faced over different batting positions?

12. How the batting position has changed with different oppositions yearly?

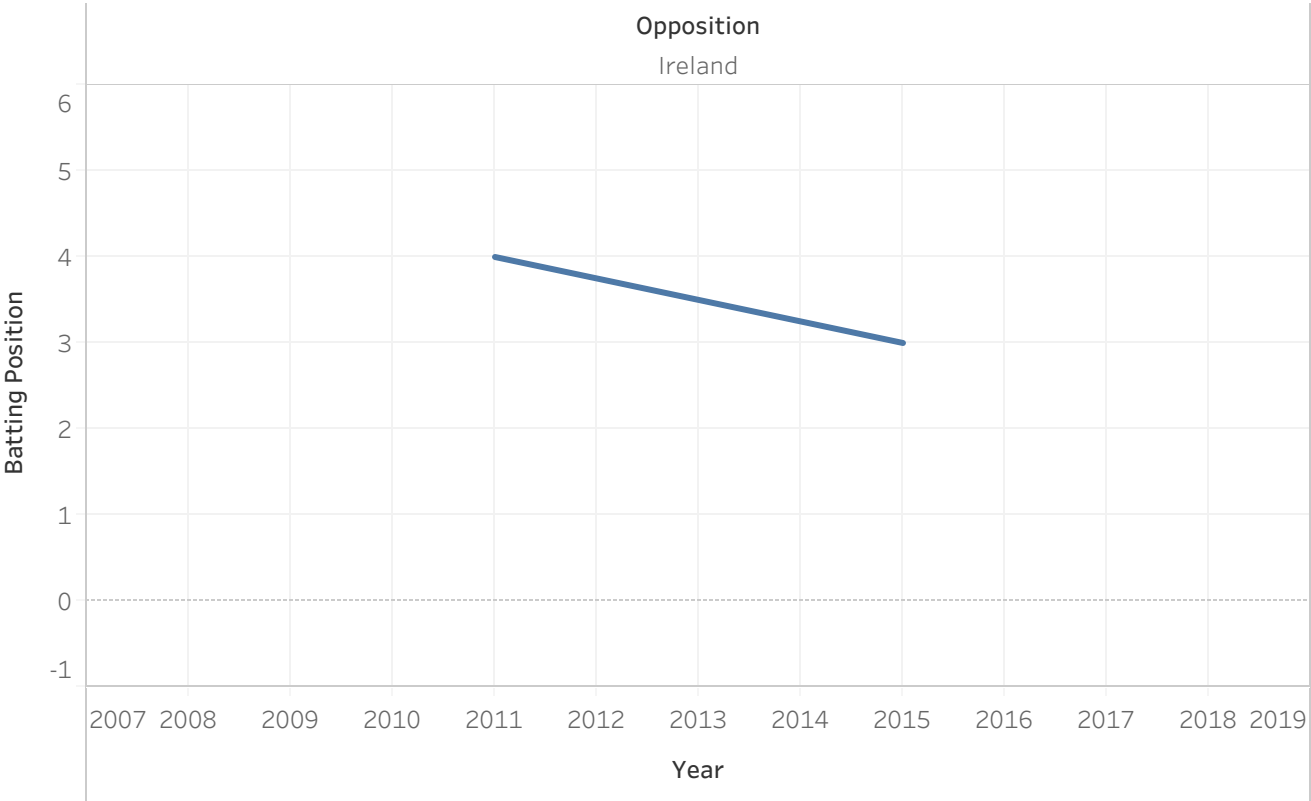

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

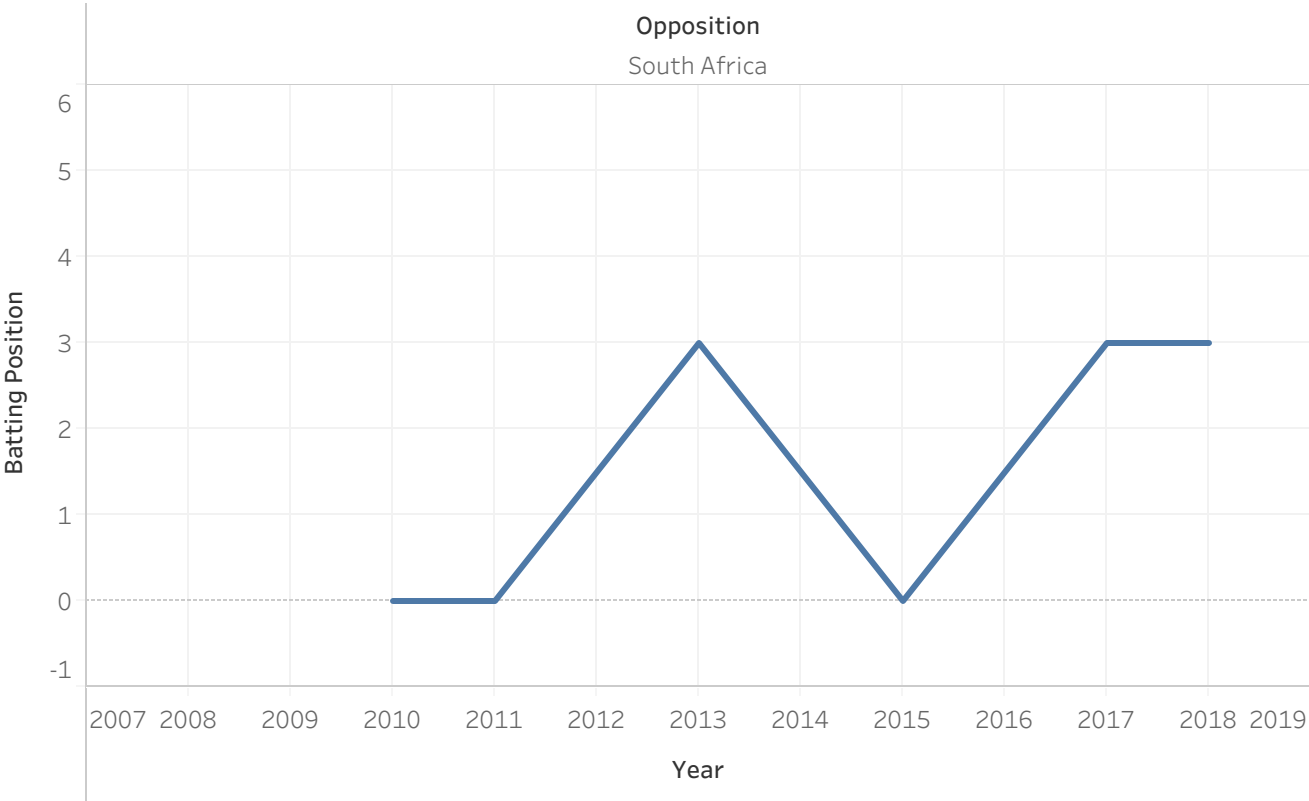

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

12. How the batting position has changed with different oppositions yearly?

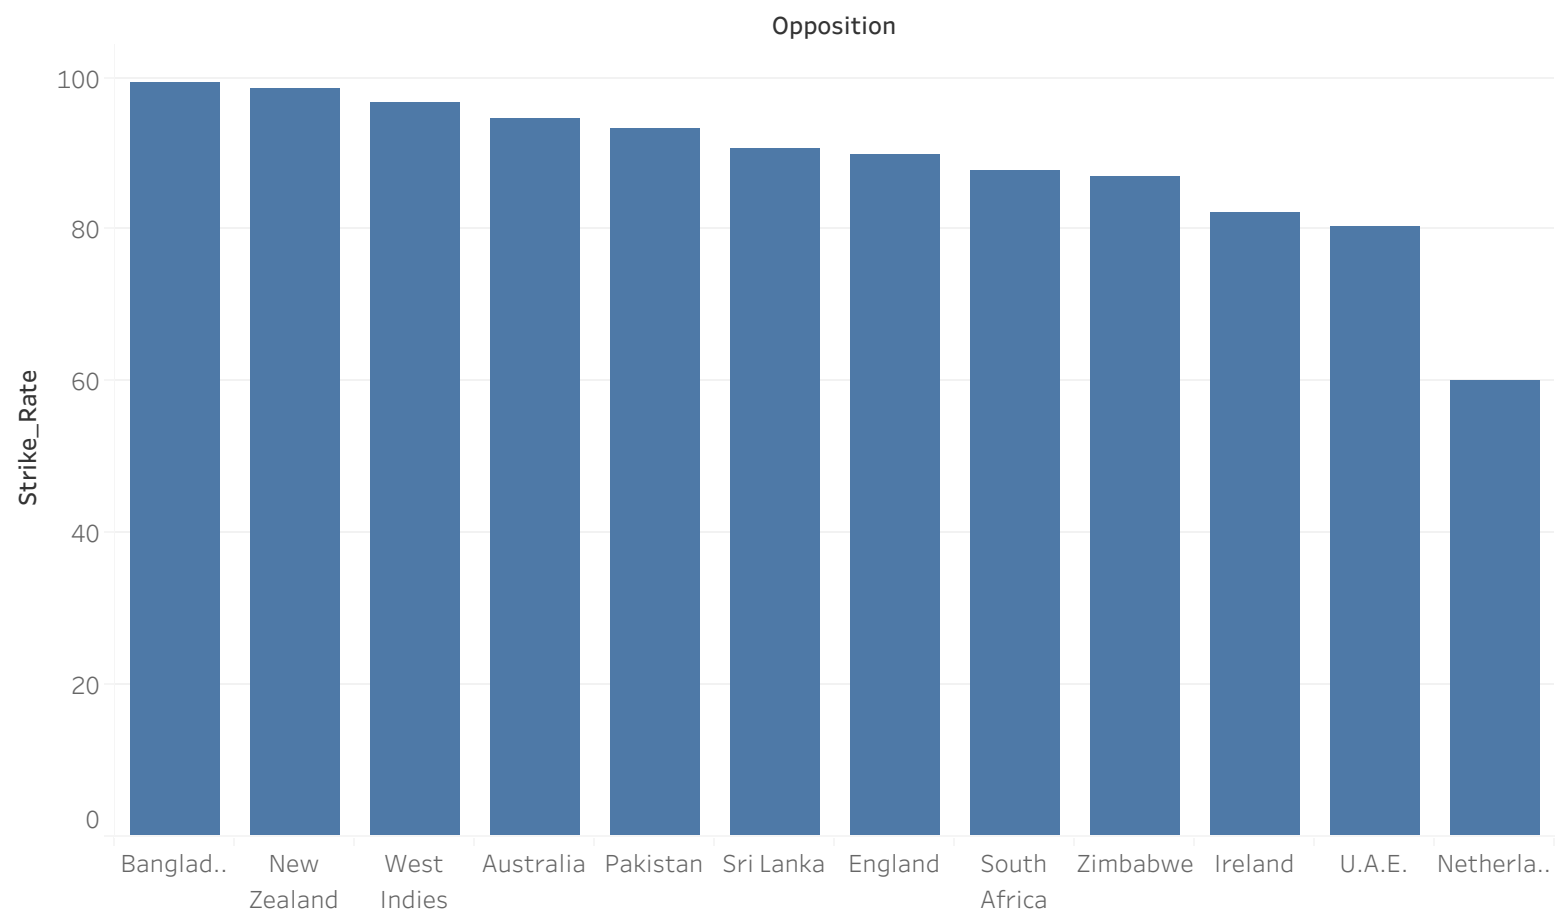

12. How the batting position has changed with different oppositions yearly?

13. Check performance against various opponents for different years using filters

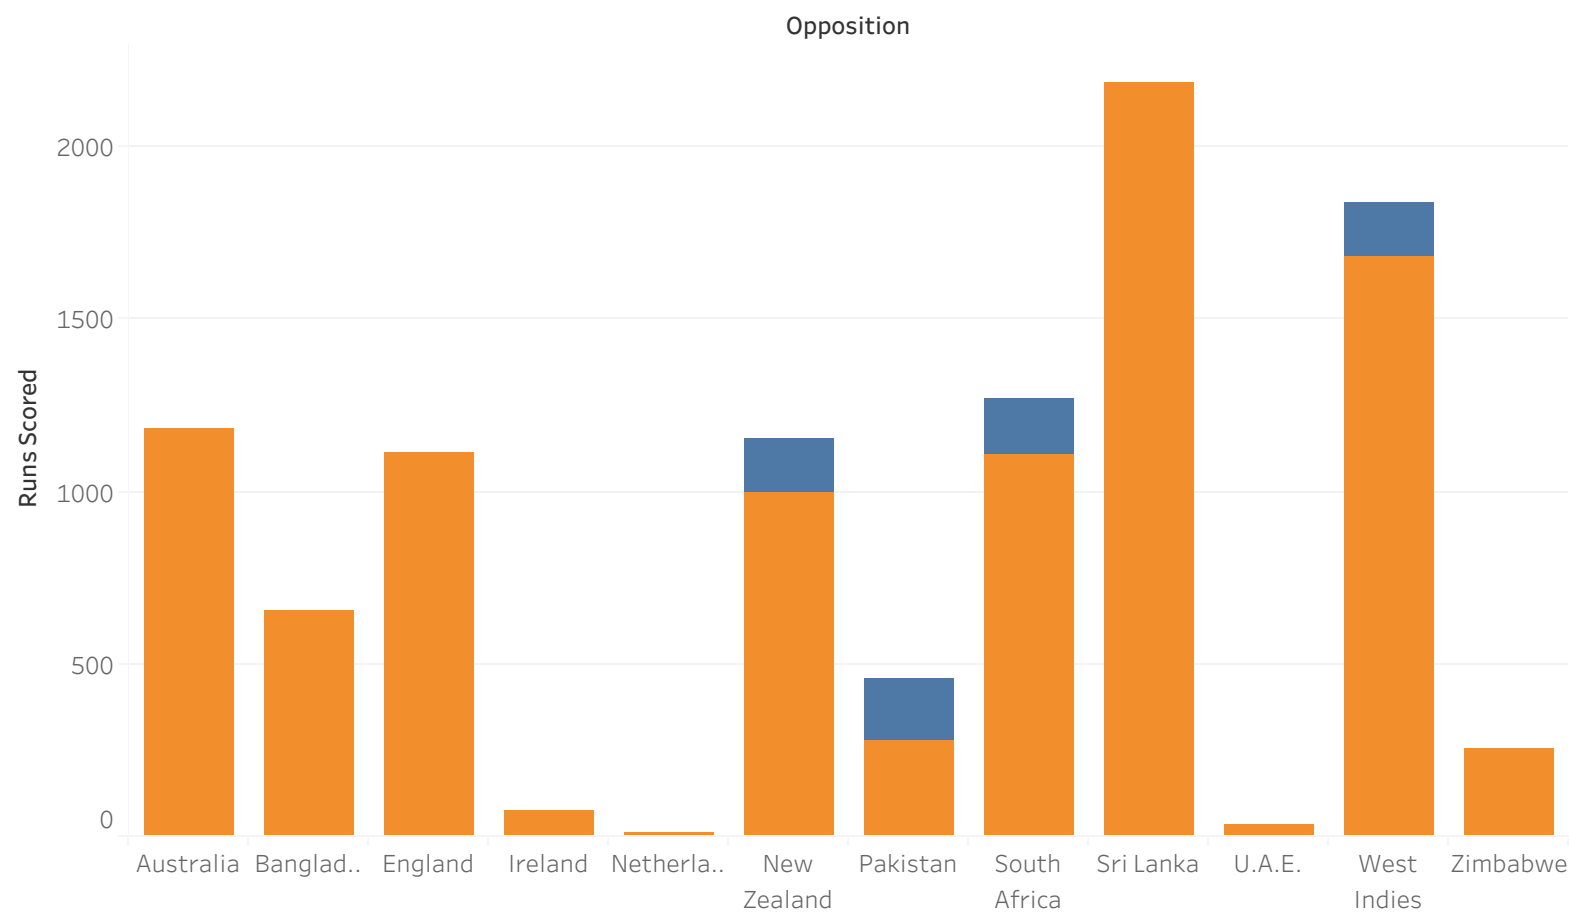

14.Calculate and display Kohli’s strike rate against various oppositions

15. Show Yearly performance for Out and Not Out matches

16. Filtering out the matches where Kohli scored above a certain number of runs.

17.Dynamic Batting Position Analysis

18. Visualize the distribution of runs scored by Kohli against different oppositions.

19.Show the number of runs scored against various teams over the years.

20. Geographical representation of opponents along with total runs scored
